

ScrapWorkz

We have gotten so many requests for video yearbooks and video memory books that we have created this page just for this topic, called SCRAPWORKZTM.VIDEO YEARBOOKS

If you are a yearbook advisor and are putting out a video yearbook, we can help. Ask us for a copy of our special DVD we have just for you, with easy-to-follow steps to make your project easier and avoid the common mistakes and problems we find that crop up every year.

We can create the entire video yearbook for you, or any part of it that you don't want to undertake yourself... editing, mastering, duplication, packaging... the works!
